# Principles of Kingdom Living

The MacNutt's message is simple: Jesus came to heal His people.

The main goal of their ministry is to bring the healing message of the Gospel, the message of healing prayer, to all people — both by teaching and by praying with the sick.

Every time Jesus healed the sick, cast out a demon or raised the dead He was pushing back the contrasting kingdom of Satan, and was ushering in God's Kingdom. His mission could be categorized into three streams: The Good News, Healing, and Deliverance from Evil.

Today our Lord's ministry continues through us, His followers. And we have the same authority and power!

With this in mind, everything in our lives, especially our spiritual journey, have to be subject to the rule and reign of Jesus Christ.
